Full Property Address

Term of Lease

Instructions: This form should be completed only if <u>both</u> of the following are true:

(1) *The proposed project would be a permanent improvement to a structure, building, vehicle, or land such as a lighting system upgrade, HVAC system or system component, or other equipment or materials which the Property Manager will not remove even if the Manufacturing Facility moves to another location; and*

(2) *The Manufacturing Facility leases rather than owns the structure or building to which this grant would apply.*

Note: If the Manufacturing Facility owner <u>personally</u> owns the building/vehicle/land and rents the property to his or her own business, you will need to complete this form. The applicant will be the business, and the building owner will sign approving the project improvements. Parties to the lease would be the Manufacturing Facility and the Property Manager.

I hereby certify that I am legal owner of the property at the Project Address listed above. I agree to the installation of the proposed equipment or materials; the proposed project does not violate the terms of my lease or other agreement with the Project Applicant; and I have no plans to remove or dismantle the proposed project in the foreseeable future.

Signature (Property Manager):	
Print Name:	**Date:**

Signature (Manufacturing Facility):	
Print Name:	**Date:**

This form must be completed and submitted with the original application. Signature(s) must be signed by the Property Manager building/land owner of the property, and the Manufacturing Facility leadership of where the project is to be implemented.
